Returned with compliments.

The points on which orders of Government are required are:

1) General sanction to purchase tyres, spare parts, tools and accessories required for the maintenance of lorries belonging to the Food Supply Department and stationed at Bangalore.

2) Mode of payment.

1) It is essential that the general sanction of Government ~~to~~ authorising the Special Officer, Fuel Supplies to purchase Tyres, Spare parts, Tools and accessories is granted to prevent avoidable delay. If sanction is to be sought each time purchases are made or for payment, there will be considerable delay both in obtaining the necessary articles and in making payment. In view of the fact that the prices of tyres and spare parts are controlled there should be no objection to granting this general sanction and this will also enable the Special Officer to see that no lorries are kept idle unnecessarily.

2) For the past year all payments towards maintenance of lorries have been made from the Personal Deposit

Deposit account of the Special Officer, Fuel. All such bills are paid after audit by the Audit Superintendent who is subordinate to the Deputy Comptroller, Food Department and attached to the Rationing and Special Offices. After payment, the bills are sent to the Director of Food Supplies for recoupment of personal deposit and such bills are subject to post audit by the Deputy Controller.

6) It is more advantageous for such charges to be paid out of the Personal Deposit account of the Special Officer, Fuels Supplies as this will make for prompt payment to suppliers. I am averse to ~~averse~~ altering a procedure which has so far worked well and suggest that these charges be continued to be paid out of the Personal Deposit account of the Special Officer, Fuel Supplies.

11) The Special Officer will be asked to intimate the Secretary, Stores Purchase Committee, each month the articles purchased by him with rates if this is considered necessary.

12) I may add that it is impracticable to send a list of parts required each month to the Stores Purchase Committee as these articles are purchased only at controlled prices.

Returned with compliments.

(a) I am agreeable to the suggestion of the Financial Secretary at para 21 supra, but with the following modifications:

(b) The Transport Officer, who is in charge of the Lorries, may be given powers of purchase within Budget allotments, for "Maintenance of Lorries" subject to the condition that each individual purchase of an article costing over Rs.50/- is approved by the Director of Food Supplies. The Transport Officer must, however, be given an imprest of Rs.500/- for the purchase of Lorry materials costing Rs.50/- and less each for which he need not obtain the approval of the undersigned.

(c) As regards mode of payment, the present procedure of the Special Officer, Fuel Supplies, paying the bills of the Transport Officer from his P.D. account needs revision since both the officers are of equal status and the Special Officer, Fuel Supplies has no direct contact with the Government Lorries. Besides the Transport office is an independant unit by itself.

(d) I therefore propose that hereafter the bills of the Transport Office for purchase of petrol and oil and for the purchase of spare parts costing over Rs.50/- each be preaudited by the Auditor & Accounting Officer attached to my office and the payments therefore be made from the P.D. account of the Director of

of Food Supplies. The entire revised proposal as above has the concurrance of the Auditor & Accounting Officer, Food Supplies, Bangalore who has been consulted.

TRC.241/45-6

Office of the Director of Food Supplies in Mysore, Bangalore, 25th July 1945.

To

The Secretary to Government,
Development Department,
(Food Supplies), Bangalore.

Sir,

I have the honour to state that spare parts, tyres and tubes, tools and other accessories will have to be purchased frequently for the lorries under the Controller of the Transport Officer and payment has to be made very early in all these cases failing which the dealers would evade supply. I had, therefore, authorised the payment for purchase of these materials from the personal deposit account of the Special Officer, Fuel Supplies as it was very necessary and convenient to do so.

2. The Special Officer, Fuel Supplies has represented that the Auditor Superintendent attached to his office has objected to the passing of bills for purchase of these items without a general sanction from Government.

3, I, therefore, request you kindly to obtain general sanction of Government for payment from the personal deposit account of the Special Officer, Fuel Supplies, Bangalore for the purchase of such materials required for the immediate use of the lorries. I would add that such a sanction is absolutely necessary as otherwise the lorries will have to be idle sometimes for want of timely supply of these materials. A check over such purchases will be maintained, however, in this office by asking the Officer to send a weekly statement which will be examined in this office.

As several bills are stated to be pending with the Special Officer, Fuel Supplies immediate orders of Government are requested.

I have the honor to be,
Sir,
Your most obedient servant,

Director of Food Supplies.
